*The Photograph*  
ROSS HALFIN

# *Iron Maiden* BY ROSS HALFIN

No photographer in the world took more—or better—shots of Iron Maiden than Ross Halfin. Having worked with the group since their emergence in the late Seventies, he became a part of the roller coaster ride that saw Maiden conquer the world as the leading light of the New Wave Of British Heavy Metal.

This new, deluxe photo documentary features Halfin's photographs from throughout their career, in Europe, America and elsewhere, on stage, backstage and wherever else they happened to be.

Featuring a foreword by founder member Steve Harris and an introduction by former *Savage* and *Ironage*†/Edgar Gifford Barton.

ROSS HALFIN is one of the top music photographers in the world today. After beginning his career with *Savage* magazine in England in the late Seventies, he helped launch *Ironage*†, for which he became chief photographer for its first decade.

As well as Iron Maiden, he has been associated with a number of top metal acts including Metallica, Def Leppard, Ozzy Osbourne and Phil Spector. He is based in London.
